102x102x6mm 4 Holes Hot Dipped Galvanized Screws Bolts Anti Vibration System

Our Product Introduction

Basic Information

- Place of Origin: Jiangsu, China
- Brand Name: HENGTONG
- Model Number: LS-14A
- Price: $1.83/pieces 1-2000 pieces
- Packaging Details: packed in cartons, cartons packed in pallets
- Supply Ability: 500000 Piece/Pieces per Month

Product Specification

- Material: ZINC, Carbon Steel, Carbon Steel
- Type: Seismic Connectors
- Size: 102*102*6mm
- Surface Treatment: Zinc Plating
- Certificate: ISO9001:2008
- Packing: Pallet
- Application: Ship
- Port: Shanghai
- Highlight: **hot dipped galvanized screws**, **hot dip galvanized bolts**, **102x102x6mm Anti Vibration System**

Product Description

Best Price 102*102*6mm 4 Holes Galvanized Carbon Steel Material Fastener Product Anti-vibration System

They are utilized in power generation plants to mitigate vibrations in turbines, generators, and other rotating machinery, optimizing performance and reliability.

Anti-vibration systems aid in minimizing vibrations in buildings and structures caused by external factors such as earthquakes, wind, or traffic.

These systems contribute to the overall efficiency and productivity of industrial processes by reducing downtime and maintenance costs associated with vibration-related issues.

Product Parameters

Product Name	Best Price 102*102*6mm 4 Holes Galvanized Carbon Steel Material Fastener Product Anti-vibration System
Material	Carbon Steel Q235
OEM	Available
Stabilizer External Dimension	102*102*6mm
